People living with disability

Our Diverse Communities

17% of Victorians live with disability

That's an estimated 22,000 Banyule residents

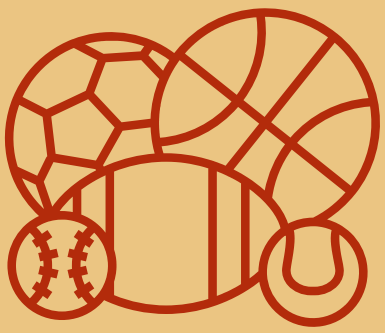

In Banyule, 6% live with severe disability.
That is, they have a need for assistance with daily living

Working aged people living with disability are more likely to be unemployed (10%) than those without a disability (4%)

Generally, households that include a person living with disability have lower income

Almost 3 out of 4 people living with disability do not participate in the recommended level of exercise

Almost 1 in 3 residents living with disability rate their physical health as 'fair' or 'poor'

Banyule City Council

15% of Banyule residents living with disability experience discrimination, abuse or social exclusion

1 in 5 Australians living with disability experienced physical and / or sexual violence from a current or previous intimate partner

The data from this report has been sourced from ABS Census 2021, Banyule Household Survey 2022, Women's Health Atlas, Australian Institute of Health & Wellbeing.
